MASONS ELECT
NEW OFFICERS

Arizona Bodies End Meeting
at Phoenix

Cornerstone is Laid for New
Temple

Next Convention Will be
in Tucson

WASHINGTON, Feb. 16.—The
annual convocation of the Masonic
bodies of Arizona has closed after
a session declared to be the best
attended and most successful in the
State. Clement H. Colman of Yuma
was elected Grand Master of the
Free and Accepted Masons and
Charles N. Bledsoe of Bisbee,
Deputy Grand Master.

In the Grand Commandery,
Knights Templar, Gordon H. Sawyer
of Tucson was elected Grand
Commander; Hedrick D. Aitken of
Prescott, Deputy Grand Commander;
Max Fielder of Globe, Grand
Generalissimo; Dr. Derwin
D. Northrup of Phoenix, Grand
Captain-General; George A. Bridge
of Bisbee and Peter E. Howell of
Tucson, Grand Wardens; F. G.
Brook of Prescott, Grand Treasurer;
George J. Rookridge of Tucson,
Grand Recorder.

ROYAL ARCH

In the Grand Chapter of Royal
Arch Masons was elected: Nelson
C. Bledsoe, Grand High Priest;
Harry A. Drachman, Deputy
Grand High Priest; David
Henshinol, Grand King; Hedrick
D. Aitken, Grand Scribe; Rick-
mer N. Fredericks, Grand Treasurer;
George J. Rookridge, Grand
Secretary; James R. Jenkins,
Grand Chaplain.

In the Royal and Select Masters
of Arizona were elected: Judge
Frank Thomas of Phoenix; Grand
Master; Anthony A. Johns of Pres-
cott, Deputy Grand Master;
Charles W. Conway, Grand Con-
ductor of Works; Rickmer N.
Fredericks, Grand Treasurer;
George J. Rookridge, Grand
Recorder; Rev. James R. Jenkins,
Grand Chaplain.

In the Eastern Star Mrs. Mary
Winters of Douglas was chosen
Grand Matron; Mrs. Minnie Ben-
nett of Florence, Associate Grand
Matron; Max Fielder of Globe,
Grand Patron; Frank Thomas of
Phoenix, Associate Grand Patron,
and Mrs. F. C. Drachman of Tucson,
Grand Conductor.

CORNERSTONE LAID

The principal ceremonial of the
Blue Lodge sessions was the lay-
ing of the cornerstone of the Maso-
nic Temple, which will cost
\$150,000. With about 1000 wit-
nessing, the stone was placed by
the Grand Lodge officers, headed
by Otis J. Baughn, retiring Grand
Master. Within the stone is a cop-
per box containing memorials to
be found by a future generation.

The next communication of the
Grand Masonic bodies will be held
in Tucson during the second week
in February, 1925.

An appropriation of \$10,000 was
voted to continue erection of col-
leges at Grants, where a Masonic
Home has been established. Even-
tually it will accommodate several
thousand Masons, who will come
because of ill health. An approp-
riation of \$1000 was made to-
ward defraying the expenses of the
next Grand Lodge communication.
The expenses heretofore have been
borne wholly by the Masons of the
city in which the meeting has been
held.

One evening was devoted to the
Grand Lodge officers to the installa-
tion of a new body at Chandler,
and another evening was devoted
to the constitution of a Montezuma
Lodge in Phoenix, the third in this
city.

An invitation was received in-
viting attendance of the Grand Of-
ficers at the annual communica-
tion of Pacific Grand Lodge, F. &
A. M., of Mexico, to be held at
Guaymas, Son., commencing
March 10.

BELIEVE DANGER OF
LEEVE BREAK OVER

STATE ENGINEER'S REPORT
ON SUTTER CITY SITU-
ATION ENCOURAGING

SACRAMENTO, Feb. 16.—Dan-
ger of a threatened break in the
east levee of the Sutter by-pass at
a point several miles southwest of
Sutter City is believed by engineers
of the State Reclamation Board to
have passed, although a large
crowd of men has been sent to the
levee to aid in embankment pro-
tection work.

The section of the levee which
threatened to give way under the
strain of a heavy rain current is a
strip about 500 feet in length near
the crossing of the Sacramento
Northern Railway's branch line
from Marysville to Colusa.

When the water began to cut
away the embankment protective
measures became imperative. Men
were rushed to the scene and un-
der the direction of engineers of
the reclamation board worked yester-
day and last night to construct
and place a large mattress of brush
along the section of levee under
attack.

BANDITS ROB HOTEL
NEXT DOOR TO JAIL

SAN JOSE, Feb. 16.—The Hotel
St. James, which adjoins the
County Jail here, was held up early
today by two men who took \$2500
worth of jewelry from Clark Harry
Williams. After trying William
and a bellboy in a room adjoining
the office, the robbers registered a
fleeing couple, and one of them
enacting the role of bellboy
escorted the guests to their room
and collected a tip.

NOTORIST IS SENTENCED

SAN ANTONIO (Tex.), Feb. 16.—
Failure to stop and render assist-
ance after an automobile acci-
dent will cost John Haas, 38, a
month in the County Jail, unless the
higher courts intervene. A jury
guilty and assessed this punish-
ment. Haas was tried on an in-
dictment on a felony charge with
a maximum penalty of five years
in the penitentiary. It is said that
he failed to stop after having
struck W. A. Come on August 15
last.

Foreign Interests Fear
Spread of Strike from
Japanese Mills

BY JOHN POWELL
(BY CABLE-EXCLUSIVE DISPATCH)
SHANGHAI, Feb. 16.—About
19,000 Chinese laborers in Japanese
cotton mills in Shanghai are
now on a strike which is result-
ing in considerable violence. Other
foreign interests are exerting
efforts to prevent the strike from
spreading to the entire port.

This morning a motor car driven
by the manager of a mill was at-
tacked. One Japanese was killed
and the other beaten and his car
was thrown into a river.

The strike started a week ago in
one mill, the laborers charging
cruel treatment by the Japanese
overseers. An attempt to eject
the strike leaders led to rioting, caus-
ing serious losses through the de-
struction of property. The strike
has now assumed a Bolshevik
attitude and among those arrested
are students allied with the radical
Kuomintang and Communist parties.

Japanese Consul Yada is seriously
concerned, urging the Chi-
nese authorities to extend their
protection to Japanese property
outside the foreign settlement, but
the strike is continuing.

WEARY RESCUERS DIG ON TO FREE COLLINS BODY

Death Cheats Heroic Workers in Efforts to Save Explorer Trapped in Cavern

(Continued from First Page)

to the scene as his personal representative. His steps followed a little handful of them at first, and then Brig. Gen. Denhardt, commander of the Seventy-fifth Infantry Brigade, was ordered to take supreme command of the situation. The rescue of the State was then behind the rescue efforts.

Dr. W. D. Fankhauser of the University of Kentucky came in as the State's geologist, and Mr. Carmichael, general superintendent of the plant at Kynock, who had come here as an individual, resigned for the State and was put in charge of the rescue operations.

Meanwhile, the underground efforts of individuals to drag Collins out through the natural tunnel had been replaced by an organized force.

But this force was unequal to the task of overcoming the obstacles after another that was placed in the way of those who tried to save the trapped man.

Nature had laid its trap in the first place so that no one could get to Collins in the narrow passage between the rescuers and the rock that held him down. When the men were high, that they would get to the boulder, a cave-in closed the passageway. This was cleared away, but the cave-in was so deep that the men were completely cut off from the entrance from the outside.

DELAYS FREQUENT

A shaft was started a few feet from the mouth of the cave and for some ten days workers slowly dug their way toward the cave. Then after time, just when the workers believed the end of their long fight was at hand, nature played another trump and delayed the day when Collins was to be found.

Tonight they were digging him out.

Preliminary plans to conduct an inquest at the mouth of Sand Cave were made this evening. It probably will be the same, however, before the passageway to Collins can be enlarged sufficiently to permit a first-hand medical examination. Physicians then will crawl to Collins and determine, if possible, when he died.

As soon as the body can be brought to the shaft, T. C. Turner, magistrate for District No. 2, will assume charge of it. The body will be brought to the surface and another medical examination will be conducted for record purposes.

Turner said a jury might be impaneled at the cave and the inquest conducted on the scene of the fatality. If it becomes inadvisable to make a medical examination at Sand Cave, the inquest will adjourn probably to Cave City, where witnesses will be heard to complete all evidence relating to the case.

A local committee will take charge of the body after the inquest and it will lie in state in the gymnasium of the Cave City High School for one day.

FOUR IN SHAFT

Four men were in the shaft when the final stroke came with startling suddenness. They were Albert Marshall of Knoxville, a Blowing Rock, La. man; Simon Johns and John Stevens.

Shortly after they had been down for some time, they had done for unnumbered hours before when Blowing Rock, as he plugged his way into the earth, broke the final connecting link.

The four men stared at the broken wall for some time, seemingly unable to realize that the goal had been reached. Finally Blowing Rock said "we're here." A shout went up to the men at the top of the shaft. Mr. Carmichael descended a moment later and then sent for Brenner.

It was decided to permit Marshall to attempt to descend through the opening. He was too large to go headfirst, so he felt his way with his feet. They touched what he thought was a wall.

"It'll go," Brenner asserted, and with a nod from Mr. Carmichael, he was in the hole headfirst. Fifteen minutes he remained there.

"Dead," he reported.

Mr. Carmichael ascended to the surface to confer with the officials and a moment later the official statement was read.

as far back as Birmingham, Ala. He began an intensive study of metallurgy in Pittsburgh, but was so constantly broke that he found little use for his education. His invention lagged for eight years because it took him all of that time to prepare the necessary papers for the Patent Office. He was without education and could obtain no help. When the virtues of his genius did assert themselves, however, there was a widespread use of the contrivance that he has brought about, but without any gain to himself. Finally, after nineteen years, he won out.

The invention calls for what is known as a side charge of the ore

into the smelter, instead of the old-time center charge. The ore, under the Carson process, is fed into the furnace through two hoppers on the top near either end. Thus the ore itself piles up against the end walls of the furnace, protecting them from the fierce heat and at the same time giving up its values to the central bath. It is possible under the process, he said, to treat 160 tons of ore in a furnace in twenty-four hours under this process, while under the old center charge but 240 tons could be treated.

Under the old system, a secondary ore had to be banked against the ends and sides of the furnace to keep them from burn-

ing out. The Carson system makes the use of this secondary ore unnecessary.

Carson's diary, which figured in the evidence, is a long recital of the hardships of the men who could save money enough to pay the patent fees, and months of wandering, ill-clothed and ill-nourished in his attempts to interest capital in his enterprise. Some years ago he established a plant in Berkeley for the extraction of sulphur from sulphur smoke, but could get no one to look at it. His history is a many linked chain of such disappointments.

Hay-loading machines are being introduced into South America.

GASOLINE ALLEY

THIS IS A LETTER FROM GANZY, WHEN YOU REMEMBER WHO HAD THAT QUOTE US THROUGH THE "GASOLINE ALLEY" I WAS GLAD TO HEAR FROM YOU RECOLLECT YOU SAID "THE BATTLESHIP I TOLD YOU ABOUT WELL, WE FOUND HIS CREATOR'S GRANFATHER AFTER YOU LEFT"

HE WAS SO OLD HE HAD BATTLES ALL THE WAY UP TO HIS NECK, GANZY DOWNHELL HE HAD TO KEEP HIS MOUTH OPEN TO KEEP HIM FROM COMING OFF OVER HIS HEAD.

HE HADN'T SLEPT WELL FOR ABOUT 50 YEARS, HE CAN'T GO UP AND IT WASN'T A FUR FOR SHAKES TO SLEEP STRAIGHTENED OUT LIKE A CROWBAR.

IN AGRAB THOUGH HE TO GET WELL, HE HAD ABOUT AS OLD AS HIS EYES, BUT HE COULDN'T REMEMBER THEM, HE HAD TO GO.

WINNIE WINKLE, THE BREADWINNER: If Ganzy Loosened Up He'd Fall Apart

IT'S FUNNIEST THING I GOES DOWN TO IDEALITY LAMINITY ABOUT IT SENT AN SHE SAYS IT WAS WID: I THOUGHT SHE HAD TO MOVE NOW WHO THE HECK DID IT?

I'M SURE I DON'T, BUT DON'T YOU ASK HER WHO RENT IT?

NOTHING DOING IS THAT OLD PAID THOUGHT IT SHE'D ASK HER IT OVER AGAIN? DON'T MENTION HER!

IT CERTAINLY HAS ME QUESTIONING TO LIKE TO KNOW WHO COULD SAY OUR RENT WHEN MORE OF OUR FRIENDS KNOW WHOSE WE'RE LIVING I'VE BEEN KEEPING AWAY FROM EVERYONE, I KNOW, PURPOSELY.

YES SIR, MR. GANZY, ALL RIGHT MR. GANZY!

WELL, I'LL BE BACK MEET WINK MISS FORTUNE!

IT'S OLD MAN GANZY!

AND HE TOLD THE LANDLADY HE'D COME BACK NEXT WEEK, I SAW THEM TALKING TOGETHER IN THE HALL.

RECORD FOR CABLE USE SET IN 1924
Mackay Reports Largest Business Ever Carried; Line to Rome Soon

BOSTON, Feb. 16.—Clarence H. Mackay, president of the Mackay company, at the annual meeting here today said that the improving economic situation in Europe finds reflection in the fact that in 1924 the Commercial Cable Company handled the largest number of cable messages ever transmitted over its cables.

Mr. Mackay also stated that the gross receipts of the Postal Telegraph-Cable Company in 1924 were the largest in the history of that company. Mr. Mackay stated further that the new Italian cable company has completed the laying of its new cable between Rome and the Azores and is expected to open its public business on or before March 15, and that it will connect at the Azores with the cables of the Postal Telegraph-Cable Company, thus opening up the first direct cable communication ever had between the United States and Italy.

As to the proposed direct German cable between New York and Germany via the Azores, Mr. Mackay stated that after protracted negotiations leading to the signing of the cable, the cable is expected to be completed and operation by the fall of this year.

The present trustees were re-elected, and there was added to the board John Goldhammer, vice president of the Commercial Cable Company.

ARIZONA HIGH COURT TO GET COTTON SUIT
PHOENIX, Feb. 16.—Appeal to the State Supreme Court has been taken by the Atlantic National Bank of Boston from a judgment against it in the local Superior Court in favor of William O. Moore. Though the case involves a relatively small amount it covers legal points on which claims may be made aggregating several million dollars. It dates back to the break in the price of long-staple cotton after large quantities of the staple had been given advances by a local firm of factors, which then had shipped to warehouse in New England. Cotton went down, instead of up, and when sale finally was made it was at a loss sought to be charged against the planters, who have won the first of many actions filed here against them.

WILL APPEAL CASE
Divine Healer Asks Review by Higher Court
SAN DIEGO, Feb. 16.—Mme. Vivian Walker, self-styled divine healer, recently convicted in Superior Court on a charge of defrauding an elderly couple out of \$1500, announced through her attorneys today that she would appeal to the higher court. She was sentenced to an indeterminate term in San Quentin.

A motion for a new trial was denied by Judge Lacey Jensen, following which her attorneys filed notice of an appeal and requested that the woman be admitted to bail.

Mme. Walker, during her trial, became engaged by a motion picture which Dist. Atty. C. C. Kempler put to her and hurried a pitcher at the prosecutor. Kempler suffered a severe scalp wound. The court then deprived her of her liberty on bail. She will be kept in jail pending decision on her appeal.

VIRGINIA MASONS' CHARITIES LARGE
RICHMOND (Va.) Feb. 16.—Thirty-three Masonic grand lodges are maintaining homes for widows and orphans, the aged and indigent, according to a report made to the Grand Lodge of Virginia by Grand Master Masons Charles Callahan. AID ON INCOME RETURNS READY

Internal Revenue Men Will Assist Taxpayers

Service Performed Without Cost to Public

Instructions on Blanks Merit Careful Study

WASHINGTON, Feb. 16.—At least 5000 internal revenue agents and deputy collectors of internal revenue have been assigned to aid taxpayers in every part of the country in the preparation of their income-tax returns. These experts act primarily in an advisory capacity. Before seeking such assistance, taxpayers should study carefully the instructions on the forms—1040A for net incomes of \$5000 or less if derived chiefly from salary or wages, and 1040 for net incomes in excess of \$5000, or if, regardless of the amount, derived from business, profession or farming.

Questions which do not present a problem should be answered on the blanks by the taxpayer himself. If aid is required it is furnished by the government officers who are empowered to administer the oath, receive the return and collect the tax if paid by money order or check. This service is without cost to the public.

In the larger cities the internal revenue agents and deputy collectors will be stationed at the offices of collectors of internal revenue, branch offices, public buildings, banks and department stores. Taxpayers in smaller cities, towns and counties will be advised through the press of the literatures of the officers, time of arrival, length of stay and location of offices in each locality.

AVIATION SCANDAL IN FRANCE
Builders Charged With Using Inferior Materials in Planes

PARIS, Feb. 16.—The French are likely to develop an aviation scandal of their own as the result of a leak on the Chamber of Deputies purchasing committee's report. This committee, which supervises the Army and Navy marketing, as well as other purchases made by the government, makes serious allegations against the French plane builders, and constructors in Paris.

The committee charges the builders and high officials with graft on contracts under which the French government obtained aviation materials inferior to those supplied for civilian and foreign aviation. The discrepancy between the money paid the builder and the value of the goods runs into many millions, it is charged.

In order to put the lid on the scandal, before the House is stirred up thoroughly by the opposition, the government is endeavoring to postpone discussion on the report indefinitely, but the leak is likely to make further secrecy difficult.

CALIFORNIA ARRESTED IN OLD MURDER
Son of Judge Identified as Being in the Vicinity of Paris Slaying

PARIS, Feb. 16.—Stanley Mitchell, the son of a California judge and a former jockey, was held today in connection with the murder of a bookmaker's runner last autumn. Mitchell was identified as having been in the vicinity of the spot in the Bois de Boulogne near where the nude body of the slain man was found.

Bookmaker Tessler, who is accused of the crime, states that Mitchell is seeking to implicate him because he has Mitchell \$500 francs (roughly \$25).

Mitchell explained to the police that his long absence from the working body then the Senate. The House has passed seventy-nine bills, while the Senate has completed but few of the measures placed before it.

The House adjourned over Saturday (Admission Day) with its calendar up to date and spent the holiday in committee meetings, with some of its membership off on trips to State institutions, while the Senate session, as usual, for seemingly interminable talk.

Each day of the session, the House usually gets away an hour before its neighbor. Yet President Winor is skilled in the chair and in legislative procedure, while Speaker McMillan is only on his second legislative term. Statement is made that twenty-six House members form an inner circle and that to this group is to be given the credit for the efficient functioning of the body.

OF TREASON

Building in Which Andre and Benedict Arnold Met May be Preserved

HAVERSTRAW (N. Y.) Feb. 16. A mass meeting of members of fraternal and historical societies in Rockland county was held yesterday to take action to prevent the destruction of the ancient Joshua Hett Smith house, near here, famous as the "Treason House," because Benedict Arnold and Maj. Andre met there to lay plans for the surrender of West Point to the British.

The house, said to be the only colonial dwelling in the State which has never been remodeled or altered, is on the lands of the State Orthopedic Hospital. It is dilapidated, and a year ago it was decided to raise the structure. The Legislature gave the necessary funds.

Rockland county residents were so opposed to the destruction of the house that they arranged for its preservation. Yesterday's meeting resulted in the circulation of a petition to the Legislature.

WATER RELIEVES TOWN
SAN ANTONIO (Tex.) Feb. 16. Waco sent Mart 148,000 gallons of water Sunday in sixteen tank cars to relieve the water situation there. For the last ten days W. H. Deaton, superintendent of the Waco Waterworks, has been sending an average of 100,000 gallons a day to Mart, at the request of citizens in that city, where dry weather has cut down the supply which is obtained from Battle Lake.

British Company Will Try to Salvage Wealth Lost With Turkish Fleet

LONDON, Feb. 16.—About \$50,000,000 in gold bars, ingots and coins sent to the bottom of Navarino Bay, off the coast of Greece, when the Turkish fleet was destroyed in 1827 by the combined forces of a British, French and Russian squadron, are about to be made the object of a submarine treasure hunt by the British Salvage Company.

The company plans to use scientific devices similar to those used to raise the Laurentic. Special craft equipped with diving apparatus and other machinery designed for the work will sail for Greece early this spring.

The Turkish fleet, numbering fifty-eight vessels, lies in quiet waters, nineteen fathoms deep. The flagship alone is known to have carried more than \$20,000,000. The principle of the new method of treasure hunting is a galvanometer pointer, which indicates the presence of gold.

FRUIT SHIPMENTS INCREASE
SAN ANTONIO (Tex.) Feb. 16.—Shipments last week brought the total number of cars of fruit and vegetables moved out of the Lower Rio Grande Valley this season to 3227, as compared with a total of 1769 for the same time last year. Of the shipments last week cabbage and mixed vegetables predominated. The high-water mark of shipments was reached Saturday, when ninety-two cars left the valley.

YOUR INCOME TAX

[This is the twenty-second of a series of

articles based on the new income

tax law, the first of which was

published in the Times on Jan. 15.

No. 27

Partnerships as such are not

subject to the income tax, but

are required to make returns on Form

1065 showing gross and net in-

come. The net income of a part-

nership is computed in the same

manner and on the same basis as

the net income of an individual,

except that deductions for contrib-

utions or gifts are not permitted.

Individual members are taxed

on the distributive share of a

partnership, whether distributed or

not, and are required to include

such share in the individual re-

turn of income, though they may

not have been actually received.

Every partnership must make a

return regarding the amount of

its net income. The return

must show the name and address

of each partner and the amount of

the distributive share of the net

income, if any, of each. Any one

of the partners may sign the re-

turn, which may be signed by the

partner or the firm's method of

accounting.

Where the result of a part-

nership operation is a net loss the

loss is divisible by the taxpayer in

the same proportion as net income

would have been divisible and

each partner is taxed on his share

of the loss. If the partnership

agrees to provide for the division

of the loss in a manner different

from that provided by law, the

division of a gain such propor-

tionate losses may be deducted

from the partner's gross income.

REPUBLIC OF POLAND

25-Year Sinking-Fund External 8% Gold Bonds

BUYERS of foreign securities who realize the stabilized condition—politically and economically—of the Republic of Poland, and the rapidly improving condition of European nations in general, will see in this offering of bonds an extraordinary opportunity for profitable investment.

Outstanding Features: This issue is a direct obligation of the Republic of Poland, and also specifically secured by the revenue from sugar taxes (amounting in 1924 to \$10,422,000) and by the gross receipts of the government railroads. In continental railroad mileage, Poland stands next to France and Germany. The country's economic strength is indicated by a balanced budget, by the normal surplus of exports over imports, and by a total external and internal debt of only \$13 per capita.

The Sinking Fund provides for redemption of the entire issue by maturity at 105% and interest, through semi-annual calls by lot beginning July 1, 1925. Thus, the holders of bonds included in the first call will receive a return on their money at the rate of nearly 30% per annum.

The price is 95 and interest, which provides a minimum yield of **8.53%**

Stock Exchange Abolishes Unlisted Stocks

Southern Counties Gas Company of California earned a net profit of \$644,438.66 for 1924, or \$53.17 a share on 12,500 shares of 8 per cent cumulative preferred stock outstanding, according to the report issued yesterday.

This compares with \$497,343 earned in 1923; \$734,215 in 1922; \$517,587 in 1921, and \$246,726 in 1920.

Net earnings before providing for depreciation, bond interest and expenses were \$1,442,141.56. Depreciation, amortization, plus interest, and amortization of artificial gas plants based on instructions of the Railroad Commission, amounted to \$186,170.33, and interest on the funded debt, less miscellaneous interest and including proportion of bond expense, amounted to \$197,321.51.

Total assets for 1924 were set at \$16,070,708.67, as compared with \$16,796,442.01 in 1923, a difference of \$725,733.34. The 1924 assets are divided into the following items: Rights, franchises and intangible, \$1,081,933.33; plants and investments, \$12,756,746.81; stores, \$288,107.55; accounts and notes receivable, \$511,428.41; cash in bank and sinking fund, \$518,593.32; deferred charges, \$818,547.23.

TOTAL INCOME

Gas earnings and miscellaneous income for the year were \$5,263,819.64. Liabilities of the company, include 15,000 shares of common and 12,500 shares of preferred, par value \$100, \$3,750,000; funded debt, \$1,846,500; current liabilities, \$7,828,117.73; reserves for depreciation and amortization of gas plants, \$1,170,469.25; net surplus, \$1,847,325.25.

In 1924 the gas company sold the city of Long Beach all of the gas distributing system, holders, equipment and real estate within the city limits of Long Beach, and is now wholesaling to Long Beach large quantities of gas, which the city distributes.

OFFICERS ELECTED

Officers elected at the annual meeting were: Ferdinand R. Bain, president and general manager; Rufus C. Dawes, A. S. Bradford, Charles H. Dickey, vice-presidents; Walter S. McFarland, secretary; T. H. Dudley, treasurer; LeRoy M. Edwards, counsel; Frank S. Wade, superintendent of operations; M. R. Thompson, engineer; and A. F. Bridges, executive engineer.

Directors are: Ferdinand R. Bain, LeRoy M. Edwards, A. S. Bradford, John H. Bartle, T. H. Dudley, F. W. Hadley, C. M. Stone, W. B. Williams, Charles H. Dickey, Rufus C. Dawes and George A. McCrear.

OFFICIALS ARRIVE

R. A. Cooper and A. C. Williams, executive officer and member of the Farm Loan Board, respectively, have arrived in Los Angeles and will meet with live-stock men today to form a constructive policy for the benefit of the industry.

Several angles are to be considered. Among them are the fact that California's heaviest live-stock investment is dairy cattle, the value of these herds in the State now being \$45,000,000. Their number is nearly 700,000. The beef cattle interests are valued in a recent government report at \$40,379,000, as of January 1, last, a loss of \$150,000, as compared with a year ago.

Sheep interests will be given consideration as their ownership represents an investment of more than \$2,800,000 sheep, with an estimate value of \$12,500,000. The

BALDWIN SHOWS LOSSES

Fails to Earn Preferred Dividends in 1924; Volume of Sales Sharply Reduced; Stock Market Hit

BY EARLE E. CROWE

Generally regarded as one of the pivotal stocks and fully living up to its reputation in the long rise beginning in October, Baldwin Locomotive, in its annual statement released for publication today, apparently has struck a severe blow at the hope of the bullish enthusiasts. An inkling of the unfavorable nature of the report leaked out in the stock market yesterday, and provided the basis for a general selling campaign that took its toll from a wide list of stocks.

Unquestionably it will require for recovery, a decline of approximately 107 per cent. In 1923, besides appropriating over \$8,000,000 the management set aside a reserve for 1924 dividends of \$2,800,000, or exactly the equivalent of dividend requirements on the preferred and common stocks. As the company was unable by over \$70,000,000 to meet the dividends on the preferred, the reserve earmarked for dividends in 1923 was utilized for dividend payments in 1924, as the annual report shows. In the light of this action, the amount shown in reserve account does not look quite so unattractive.

SALES POOR

President Vanclan has no comment to make on the company's showing, except the simple statement that, "Business during the year has been very unsatisfactory." He added, however, a few reassuring words to the effect that work shops and machinery have been maintained and improved and that the company has continued to hold its place in the world market. He does venture the opinion that "the unfavorable business conditions are not likely to be forward to, and is fully prepared for an increased amount of business during the year 1925."

The reduction in the sales volume is surprising. Gross sales fell from \$102,745,972.21 in 1923 to \$24,088,512.27 in 1924, a decrease of 144 per cent. While it is true that 1922 was an abnormal year in the equipment business, still the railroads were heavy buyers of new equipment in 1924. Last year's gross sales were the lowest since 1915 when they totaled \$22,542,111.84.

Cost of sales was more than the amount received from the goods sold, reaching a figure of \$24,437,172, or a deficit for manufacturing profit of \$356,660.38. Other income of \$2,384,244.30, including dividends from subsidiaries, enabled the company to show a profit of \$1,927,583.77, which compares to \$11,921,831.92 in the previous year, and is the smallest reported since 1914.

Another unfavorable feature is the amount appropriated for reserves. This sum totaled \$5,115,057.42 in 1923 but last year's gross sales were the lowest since 1915 when they totaled \$22,542,111.84.

Quintanilla Abolished
By recommendation of the listing committee the board of governors of the Los Angeles Stock Exchange has ordered the permanent suspension of trading in unlisted stocks on the exchange. It was stated yesterday by President Frank H. Pettigrew that the interest is negligible in this class of stock and the quotations posted are not an accurate reflection of the market for such securities.

Dividend Payment
An extra dividend of 1 cent and a regular monthly dividend of the same amount have been declared by the directors of the Marine Corporation, according to an announcement received by the stock exchange. Both disbursements are payable the 28th inst. to stock of record the 20th inst.

Mason Bankers to Meet
The Bankers' Masonic Club of Los Angeles February dinner and program will take place tomorrow evening at 6:30 o'clock in the Los Angeles Masonic Club dining-room at the Alexandria under the direction of the Pacific-Southwest Trust and Savings Bank. Charles F. Stern, president of the Pacific-Southwest bank, will be the principal speaker.

CUT THE RATE
"You there, in the overall!" shouted the cross-examining lawyer, "how much are you paid for telling untruths?" "Less than you are," returned the witness, "or you'd be in overalls, too." (Boys Life.)

COPPER DEMAND PRICES UPHELD

Large Producers Maintain 15 Cent Request

Small Smelter Lots Disposed of at Less

Large Orders Transacted at Higher Level

BY CHARLES F. WILLIS

The result of the copper prices remaining firm on the price was shown very forcibly during the past week. Sales were poor, the large producers were asking 15 cents but selling very little and what little selling was done came from the waste and custom smelters and they were able, of course, to cut the price below the 15-cent mark. The result was that the price was weak and gradually lowered to a 14.40 quotation. This condition prevailed just as long as no consumers were in the market for quantities larger than could be furnished but just as quickly as a sizeable demand came up, it was found that 15 cents was the asked price and copper jumped to that mark where it has remained.

It is reported that one of the larger of the producers was participating in the weak market for a day or two at 14.40 cents, although they did not stay long enough to do any great harm except to show a weakening tendency. The Boston Commercial sizes up this situation in the following manner:

"As repeatedly stated, exigencies of current copper supply demand that the producers must draw offerings from the market and demonstrate their ability to carry out as long as consuming orders were postponed. Should this policy be strictly adhered to most of the producers' troubles would vanish. Unfortunately action of a large domestic agency in lowering prices has had the effect of strengthening belief of consumers that they can wait for a time longer before filling their requirements. Inasmuch as it is evident to all students of copper industry that lowering of prices for the month in 1931 from the 15-cent mark to 14 cents and fractions will not increase by a pound per cent, the producers have had to seem unfortunate that all leading producers, in view of their comfortable position, will not stay out of the market until the 15-cent level has been once more unquestionably established."

FUTURE TO TELL
The next few weeks are going to show the 1931 average price trend. In spite of the fact that brokers are predicting a 15-cent market the crucial price of the next month or so will show whether the 1931 average will be in the fourteen or about 15. It is believed that the metal will maintain a fairly steady price pretty close to that resulting from the supply and demand of the market. The producers have had to seem unfortunate that all leading producers, in view of their comfortable position, will not stay out of the market until the 15-cent level has been once more unquestionably established."

BUILDING IS HELPED BY NEW LOANS

Eastern Insurance Firm Grants Large Amount for Housing Here

Loans totaling \$230,550, sufficient for 133 families in Los Angeles, Pasadena, Alhambra, Sierra Madre, Glendale and San Marino, were authorized at the last meeting of the Metropolitan Life Insurance Company real estate committee.

Within the past couple of weeks the company has placed through the mortgage guarantee of Los Angeles, \$100,000 in loans for the same purpose.

Walter Stahler, controller of the company, said that the company has a large number of loans in the city and that it is probable that the loans will be largely in the nature of advances on the part of the company to the borrower.

"The Southwest, especially in the vicinity of Los Angeles, maintains itself as the biggest building section of the country. The expansion there should be continued. Conservative economists have been predicting for some time to minimize the prosperity of Los Angeles and to predict that it would be a shadow of its former self. It has been stated by certain authorities that Los Angeles and its suburbs now number more than 1,000,000 inhabitants, and within a year will be augmented by 250,000.

"Whatever may have been the prediction for business depression, in that part of the country before, it would be a difficult situation to bring about now, for a community of 1,000,000 inhabitants or more is not easily affected as a whole."

COTTON FUTURES IN QUIET TRADING DROP

(EXCLUSIVE DISPATCH)
NEW YORK, Feb. 16.—The cotton futures list declined moderately in quiet trading today. Lower prices from Liverpool, owing to the low wheat interest for unlisted weather in Texas and a sharp rise in the price of Egyptian cotton, discouraged southern speculation. But after values were raised to 20 points lower, and some profit was secured from under interest and fear quotations were 11 to 11 points lower. Spot cotton 30 points lower at 54.50.

A Necessity of Life

Water is a prime necessity of life for which there is no substitute. Its use is steady and regular, unaffected by fluctuating economic conditions.

For the past 59 years the EAST BAY WATER COMPANY and its predecessors have supplied water to the cities of Oakland, Berkeley, Alameda, Piedmont, Emeryville, Albany, San Leandro, Richmond and El Cerrito, on the east shore of San Francisco Bay. Under Railroad Commission regulation no company is possible, and the company is bound with the very nature of the communities it serves.

We believe that the necessities of this long-established public service company are of the soundest of California utility investments. The following issues, recently offered, are especially attractive at present prices. Further details regarding them will be mailed you on request.

PACIFIC-SOUTHWEST TRUST AND SAVINGS BANK, LOS ANGELES, TRUSTEES
Exempt from California Personal Property Tax

Reference is made to a letter to us from the President of the Masonic Building Corporation of Huntington Park which he summarizes as follows:

SECURITY
These bonds will be secured directly by a First (Closed) Mortgage on the ground and building owned in fee simple by the makers of this mortgage, and valued by our appraisers at \$164,000. The mortgaged property consists of a lot on the west side of Pacific Boulevard, in Huntington Park, between Irvington and Clarendon Streets, 60 by 160 feet in the business center of the city, together with a modern three-story steel and concrete strictly fireproof class A building, containing stores on the ground floor, offices and an auditorium, with a seating capacity of 600, on the second floor. The remainder of the building is to be used for Lodge purposes.

APPRaisal
This property has been conservatively appraised for the purpose of this loan at an average of \$164,000 by the following authorities in Huntington Park realty values:

The National Bank of Huntington Park.
Huntington Park State Bank.
E. B. Lowe Company—Loans and Insurance.
Candace Investment Company—Real Estate and Insurance.

THE BORROWER
These bonds will be a direct obligation of The Masonic Building Corporation of Huntington Park, a California Corporation. Two-thirds of the stock of this company is held by the various Masonic

bodies using the building—the remainder owned by individual members of these bodies.

APPLICATION OF PROCEEDS
The entire proceeds of this issue of bonds employed to retire existing indebtedness and equip this building.

TITLE AND INSURANCE
Fire insurance to the full insurable value of the building will be maintained during the term of the bonds, subrogated to the Trustee. The policy of title insurance will be issued by the Insurance Company of Los Angeles, a California corporation, on the ground on which the building is erected, to be vested in the Masonic Building Corporation of Huntington Park.

INCOME
The ground floor has been leased for ten years at an average rental of \$1,000 per month. Additional income is derived from the second floor, and rentals from the various Masonic Lodges. The auditorium will be used for general purposes and will be open to the public. Net annual income is conservatively estimated at \$12,000. Net annual income will be used for principal and interest payments. The income is in excess of 1 1/2 times the charge for maturing principal and interest.

LEGALITY
These bonds are offered as, if and when received by us and subject to the approving legal opinion of Messrs. Baser, Wright & MacDonald, Attorneys-at-Law, Los Angeles.

BOND QUOTATIONS

Prices Recede
(BY A. F. NIGHT WIRE)
NEW YORK, Feb. 16.—Bond prices turned reactionary today as a wave of selling spread over the foreign list and all groups of domestic corporation issues. The unsettledness was attributed to the decline in the stock market, firmer money tendencies and the apprehension aroused over the French financial situation.

A break in French bonds, however, took place in the face of a recovery in the franc. The currency, which developed pronounced weakness last week, rallied 10 points today, but the various French governmental, municipal and railroad obligations crumbled 1 to 2 points under an onslaught of selling.

Bonds 4 1/2, which strengthened prior to the notation of a \$15,000,000 loan for the government, forfeited their gain, dropping back 2 1/2 points.

Selling of railroad issues was directed principally against the semi-annual issues, although high-grade descriptions such as New York Central 4s and Delaware and Hudson convertible 4s yielded 1 to 2 points. Similar issues were recorded by Frisco, Seaboard, "Katy," International Great Northern and Missouri Pacific obligations.

Oil company bonds reacted sharply. Pan-American 4s and Sinclair Consolidated 4s receding about 3 points each. Loans of 1 to 2 points were registered by an assortment of active public utility, sugar, copper, motor and rubber issues.

Prices are yesterday's high and closing prices of bonds at the New York Stock Exchange, as reported by Associated Press wire and as received by the following firms:

It is the same in the New York and London markets as in the United States.

Redeemable at the option of the company on any interest payment date on 30 days' published notice, in part for sinking fund at 102 and accrued interest, or as a whole at 103 and accrued interest.

HELLMAN COMMERCIAL TRUST & SAVINGS BANK, LOS ANGELES, Trustee
Application has been made to the State Superintendent of Banks to have these bonds certified as a Legal Investment for Savings Banks and Trust Funds in the State of California. Bonds are offered subject to this certification.

EXEMPT FROM THE CALIFORNIA PERSONAL PROPERTY TAX
The following is a summary of a letter from the President of the Corporation descriptive of this issue:

SECURITY. The bonds will constitute a first closed mortgage on land centrally located in the retail business district of Los Angeles and the 12-story, Class "A," steel-frame and concrete theater, store and office-loft building to be immediately erected thereon. The land has a frontage of 138.8 feet on the east side of Broadway between Eighth and Ninth Streets, with a depth of 148.4 feet to a 20-foot alley, and has been appraised by R. A. Rowan & Company, Chas. G. Andrews Company, and Metcalf & Ryan, at a value of \$1,388,000. The cost of the building is estimated by the architect, Mr. G. Albert Lansburgh of San Francisco, at not less than \$1,925,000. The value of the security will therefore be approximately \$3,313,000, against which this issue will constitute less than a 53% mortgage.

EARNINGS. The theater will be leased by the Orpheum Theater & Realty Company for a period of 25 years at an annual net rental of \$112,000. Conservatively estimating other rentals, net revenues available for bond interest, Federal taxes and sinking fund requirements, will be approximately \$235,499.00 per annum, or over two times maximum interest requirements, over two and one-half times average interest requirements, and over one and one-half times maximum interest and sinking fund requirements.

STOCKHOLDERS. The stockholders of the Corporation are successful business men of national and local prominence in banking, mercantile, real estate and theatrical circles.

SINKING FUND. A sinking fund will be provided, commencing July 2, 1926, which will operate semi-annually to retire bonds, either through purchase in the open market or by call. This sinking fund will retire substantially \$1,000,000 of bonds by the maturity of this issue.

COMPLETION BOND. An adequate Surety Bond will be deposited with the Trustee, conditioned for the completion of the building by June 1, 1926, in all respects in accordance with the contract and plans and specifications therefor, free from all liens ranking prior to this issue.

INSURANCE. The Corporation covenants to carry fire, earthquake and such other insurance as may be necessary for the protection of the bondholders.

TITLE. A bondholders' policy of title insurance, in the full amount of bonds outstanding, issued by the Title Guarantee & Trust Company of Los Angeles, will be deposited with the trustee to guarantee the validity of this lien.

LEGALITY. Legalities incident to the issuance and sale of these bonds have been under supervision of Messrs. Lisner, Roth & Gunter of Los Angeles for the Corporation and Messrs. Page, Nolan, Rohe & Hurt and Messrs. Gibson, Dunn & Crutcher of Los Angeles for the underwriters, and are subject to their approval.

Bonds are offered when, as and if issued and received by us, subject to the approval of counsel.

DE MILLE RETURNS TODAY

Independents to Welcome Producer, Who Will Take Lead in Body; Work to Begin in Sixty Days

Preparation have been completed by representatives of Producers' Distributing Corporation here to welcome Cecil B. De Mille, who returns to Los Angeles on the Union Pacific today to assume a leading role in the affairs of this organization.

De Mille signed a contract in New York to release a series of independent productions through Producers' Distributing Corporation. He will make these pictures at the Thomas H. Ince studio in Culver City, which he recently purchased and which he will formally take over on the 23rd inst.

Production on his first independent picture is scheduled to begin within sixty days, according to friends of De Mille here. It is rumored the picture will star Leatrice Joy, although there is a possibility De Mille may decide on one of two Broadway plays he purchased on his trip east.

This release date for the picture already has been set at August 15, according to Lesley B. Mason, Mitchell Leisen, art director.

AMERICA IS MARKET FOR FINE FABRIC

Head of Paris Dealers in Artistic Materials Visiting "Best Customer"

The United States is the world's heaviest buyer of superfine French textiles, according to Paul Rodier, head of the manufacturer firm that bears his name, which turns out some of the most artistic dress materials on the market.

Mt. Rodier, now at the Baltimore, is visiting this country for the first time, partly in the interests of his business and partly for pleasure. He said plans for enlarging its American business are now under way by his firm.

"Our concern has its sales headquarters in Paris, where it employs about 400 persons, while its mills are situated at Bohain, about 150 miles from Paris, where it has a force of 1,000 employees," said the Frenchman. "It is now under the management of the third generation of the same family and many of its craftsmen are descendants of former employees who spent lives in the service of the firm."

"Much of the material we turn out is made on hand looms because the finest work cannot be done by machinery. On some of the highest grades of fabric the requirements are so exacting that we are able to do only one yard a day. Since 1919 our firm has originated 19,000 new designs in dress goods."

Rodier expressed himself as charmed with his impressions of this country, particularly California.

"There is one thing in America that has struck me more than anything else so far as my own knowledge of the line of business is concerned," he said. "It's your quantity production. The volume and the result is excellent."

GOLDEN GETS CITY KEY

Mayor Gives Producer Largest One Ever Presented Here

John Golden, theatrical producer, received yesterday the largest key to the city ever presented a visitor in Los Angeles. The key was presented by Mayor Cryer in the presence of Sid Grauman, Joe Teplitzky, Marco Hellman, Rev. Ned Dodd, Chief Heath and others, at the City Hall. In welcoming the visitor, the Mayor commended him upon presenting clean plays.

"The presentation of plays including good morals, good principles and a righteous life, immediately visualizes the merits of these virtues and frequently stamps a lasting impression upon the auditor," he said. "It is indeed a pleasure and privilege to recognize one who steadfastly adhered to the principles of the clean theater, one to whom it was not only a theory but a firm conviction."

INSURANCE ON ROBBERY SOARS

Increase is From 50 to 600 Per Cent in 60 Days

Five Companies to Quit if Losses Continue
Rates in Other Cities Are Much Lower

That crime conditions in Los Angeles have resulted in an increase of burglary, robbery and hold-up insurance rates of from 50 to 600 per cent within the last sixty days, and that if losses do not materially decrease in the near future, five of the largest companies now underwriting millions of dollars of risks of this character will cancel their policies and withdraw from the Los Angeles territory, was announced yesterday by W. A. Rowan & Co., leaders in the local insurance field.

In connection with their statement, the startling information was revealed that since January 1 premium rates on residence burglaries have increased 50 per cent in Los Angeles; that citizens here were now paying \$25 per \$1000 valuation as against \$15.40 in Boston. Drug stores which on January 1 were paying in Los Angeles \$18 per \$1000 valuation for hold-up and burglary protection are now, sixty days later, paying 140 per cent, an increase of 400 per cent. Jewelry stores in Los Angeles suffered the same increase.

LOSSES ARE LARGE

"Millions of dollars of jewelry insurance have been placed by prosperous Los Angeles men in the past year," R. D. Chandler, manager of the special risk department of R. H. Rowan & Co., said yesterday in commenting upon the announcement. "The losses have been tremendous. House burglaries have amounted to as high as \$40,000 in a single instance; hold-ups after society affairs have run as high as \$20,000 to \$25,000 in a single case."

"This insurance was formerly written by Lloyds of London, but on account of the large number and amount of losses, they have practically withdrawn from the United States already. Some have been prevailed upon to copy this coverage and now issue a policy identical in its terms, conditions and wording with Lloyds' All Risk Personal Jewelry policy, and are in co-operation with the Lloyds Underwriters."

HOLD-UP IS EASIEST

"Robbery, so-called hold-up, offers the easiest method of making a good haul and a quick getaway. Usually the operation is carefully planned; a person carrying a large amount of jewelry in a car, restaurant or theater is watched and kept up on his way home. A stolen or rented automobile is used and the chances of success are all with the robbers. Regardless of the bravery of the owner, the robber generally gets away with it."

"In view of the above statements the companies writing this class of protection have asked us to advise the people of Los Angeles to be more careful of their jewelry and request them not to wear it when out alone at night at least for the next three months."

ANNULS DEATH AWARD

Supreme Court Reverses Decision on Drug Company Grant

A death award of \$640 which the State Industrial Accident Commission ordered the Owl Drug Company to pay to Lucinda Black of Hartford, Ct., as a dependent of Johnson Black, who was killed by one of the company's trucks, was annulled yesterday by the Second District Court of Appeal, Division Two. In ordering the award canceled the court held that Mrs. Black, the decedent's mother, was not dependent on her son for support. Black was killed at Sixth and Main streets on October 25, 1923, when attempting to board one of the drug company's trucks which was in motion. He was an employee of the company. In making the original award the Industrial Accident Commission granted the mother compensation on the fact that Black had made small gifts of money to her in the past.

HUSBAND FILES SUIT

Says Wife's Kiss for Stranger Provoked Him to Act

"I thought that was the easiest way to get rid of him," was Edith Steddon's explanation when her husband taxed her with kissing a strange man who brought her home one night, according to the divorce complaint of William Taylor Steddon, filed yesterday. "I love you as I would a father, but not as a husband," she told Steddon, he complained.

CONSTITUTION PERIL CITED

Speaker at City Club Says Well-Financed Body is Planning to Break Down Government

A well-organized and financed corporation is operating to break down the Constitution of the United States, and has boasted that it will be accomplished by March 1, 1925, Fred R. Smith, chairman of the Citizens Committee of One Thousand for Law Enforcement, said yesterday at a luncheon at the City Club. Mr. Smith's topic was "Law Enforcement."

A teaspoon of VEGEX equals a quart of milk in Vitamin "B" richness

NOW science points a way to replace in our daily diet the many valuable food salts and vitamins lost in pecking, refining and processing. We know a vitamin-poor diet handicaps proper nutrition—and without normal nutrition, growth and health cannot be expected.

VEGEX

is a pure vegetable extract, made from grain grown yeast with all the salts of sea water added. It is exceedingly rich in Vitamin B and supplies many other nutrient factors lacking in many foods.

Use VEGEX Daily

Its rich, meaty taste (though there is no meat in it) adds zest and satisfaction to many favorite dishes. You will find other food flavors brought out by adding VEGEX. Prepared in many pleasing ways—all bound to benefit nutrition and thus promote growth and health.

LEADING SPIRIT OF CATHEDRAL PLANS

Bishop Freeman

BISHOP OF CAPITAL TO VISIT CITY

Rt. Rev. J. E. Freeman, D.D. of Washington to Speak at City Club Lunch

The Right Rev. James E. Freeman, D.D., bishop of Washington, D. C., the leading spirit in the construction of the cathedral of St. Peter and Paul at Washington, will be in Los Angeles next Thursday and will speak at a luncheon at the City Club.

Bishop Freeman, known as "the business man who became a bishop," will be in this city in the course of a nationwide tour. His cathedral, which has been termed "the American Abbey," now under construction on Mt. St. Alban, when completed with its subsidiary buildings and surrounded by a great wall will be one of the showplaces of the world.

The body of Woodrow Wilson lies in the part of the cathedral now completed. Bishop Freeman in the building of the cathedral are Senator George Wharton Pepper, as chairman of the National Cathedral Foundation; Secretary of the Treasury Mellon; John Hays Hammond, Gen. Pershing, Henry White and Charles C. Glover.

Bishop Freeman was for fifteen years before his entry into the ministry in the employ of the New York Central Railroad, during which time he advanced from a clerkship to an executive position. He was persuaded to change his life work by Bishop Henry C. Potter of New York City. He has been Bishop of Washington since 1915, formerly being rector of Epiphany Church in the national capital. Before that he was rector of a church in Yonkers, N. Y., 1894-1910, and St. Mark's, Minneapolis, 1910-1915.

McCONVILLE AGREEMENT IS REACHED

Wife, in Divorce Action, Gets Settlement Before Alimony Case is Called

(Illustrated on Pictorial Page)
Divorce court cases were looking forward to seeing Mrs. Gladys McConville on the witness stand in Judge Summerfield's alimony court yesterday went away disappointed. Mrs. McConville obtained a property settlement without a struggle, by agreement with her husband, Gerald C. McConville.

McCoville recently sued for divorce, mentioning a co-respondent. Mrs. McConville's motion for alimony pending trial was on Judge Summerfield's calendar yesterday, but before it was called, an agreement was reached whereby she received the family car and other property.

Hamill Put on Trial as Killer at Craps Game

Part of the jury to try John Hamill, former deputy sheriff, on a manslaughter charge, was obtained yesterday in Judge Hahn's court and it probably will be completed today and testimony begun. S. S. Hahn, attorney for Hamill, said he had a "late" and was fined \$10. Dep. Dist. Atty. Denison and Shelley are prosecuting. Hamill shot and killed William Lewis Habbe, a chauffeur, in the course of a raid on a craps game at Pasadena December 5. The contention of the prosecution is the use of firearms was unnecessary on the occasion and unwarranted in law. The raid was conducted by a squad under Capt. Bond and Halbe was shot while running away.

HELD IN GIRL CASE

Former Martin Murder Suspect Accused of Lewdness

C. S. Stone, night watchman in the Glen Airy district, held for a time in connection with the murder of the little Martin sisters, was arraigned before Justice Belward yesterday on a charge of lewdness and held for preliminary hearing under \$1000 bail. It is charged that Stone acted improperly in the presence of Irma Merck, a minor, and that he attempted to take her to the shack where he made his home shortly after the disappearance of the Martin sisters. He had been held to answer on the charge once before but the case was dropped in Superior Court. The charge, however, was renewed with the finding of the bodies of the sisters.

JAILER IN OVERSIGHT

Hunt Reveals Cause of Suspect's Failure to Appear in Court

A search for Rufus Yarborough, started after he failed to appear in Judge Hardy's court on a charge of stealing an automobile, disclosed that Yarborough was in answer to the call of his name Judge Hardy, supposing he was out on bail, issued a bench warrant for him, which was given to Deputy Sheriff Perdue. Perdue discovered that Yarborough had not been able to raise the bail but that the jailer had neglected to send him to court. Yarborough's plea was continued to the 19th inst., and the warrants canceled.

EXTRA POLICE PAY TAKEN UP

Council Committee Asked to Reward Marksmanship of Police; Army Officer Favors Plan

Urging the City Council's Finance Committee to recommend the adoption of Chief Heath's plan for providing small additional monthly pay for rifle and revolver marksmen in the police department, a number of army officers appeared before the committee yesterday afternoon. After hearing the arguments in support of the plan, the committee agreed to consider it more fully next Tuesday afternoon.

The plan calls for rifle and revolver competition between all members and those qualifying as marksmen are to be paid \$2 a month additional compensation; those qualifying as sharpshooters to be paid \$4 a month, and expert marksmen \$8 a month additional. The officers pointed out to the committee that this additional compensation will be an incentive to all members of the department to improve themselves in marksmanship, thus improving the pistol and rifle-shooting ability of every member of the department. It was announced that already rifle and pistol matches are being arranged between the members of the department and teams are being organized for the matches which will start this spring. The judges will be Col. W. P. Story, Maj. Hewitt C. Callender, Capt. E. C. Crossman and Police Commissioners Foxe and Birnbaum.

CAR EPISODE

Assaulted Attacker Held in Superior Court

Bailey Nichols, charged with attempted criminal assault on Justice Russell, was held in Superior Court yesterday afternoon. Nichols was the driver of the car that took him to the night of the 4th inst. when he attempted to assault Justice Russell. He said he was returning home with his wife and child when he saw the justice's car to a lonely spot. He then attempted to assault the justice, but was stopped by the justice's men. He was held in Superior Court yesterday afternoon.

Alice Terry and Conway Tearle
As the caveman type of lover, Mr. Tearle meets many domestic anagns when he forces Miss Terry, the heroine, to marry him in "The Great Divide," now on the screen at the Criterion.

CAST MAKES 'GREAT DIVIDE'

The ultra-modern public may not find "The Great Divide" what might be described as a thrilling experience, but to the anyone who is interested in the varying activities of players it presents some very special attractions. The picture is attaining a great deal of popularity in any event, at the Criterion Theater. The lines at the opening were testimony that the presence of Conway Tearle and Alice Terry holds a fascination, while the title of a one-time famous stage play has not been forgotten.

STAR'S MOTHER FOILS BURGLAR

Phyllis Haver's Jewels Are
Saved

Man Discovered Trying to
Enter Rear Door

First Appeared at Front
Begging Alms

A determined attempt by a burglar to steal jewelry valued at thousands of dollars belonging to Phyllis Haver, motion-picture actress, was foiled late Sunday night, when the star's mother discovered a man trying to force an entrance through a rear door of the Haver home at 1725 1/2 Whittier avenue, Hollywood, police reports revealed yesterday.

Caught in the act, the burglar, described by the actress's mother, Mrs. M. Haver, as a burly fellow wearing a roll-back sweater, leaped from the back porch and fled down the street, escaping in spite of efforts of the Hollywood police flying squadrons to apprehend him.

The attempted burglary follows several other efforts by thugs within the past six months to gain entrance to the Haver home, according to Mrs. Haver, who believes that the thieves are motivated by a desire to gain possession of the motion-picture actress's jewelry.

Mrs. Haver was alone in the house Sunday night, Phyllis having left for New York Saturday. At a late hour a man appeared at the front door. He told Mrs. Haver that his sick wife once worked in a picture with Phyllis and tried to borrow \$15. When Mrs. Haver, however, suggested that she would have the case investigated and the sick woman taken care of if she merited such treatment, the idea didn't apparently meet with his approval and his manner becoming threatening, Mrs. Haver closed the door hurriedly.

It was an hour later, the star's mother said, that she found the same man on the back porch. She believes that he is the same man who attempted to force his entrance then or later.

**Mabel Normand
Files Appeal in
Damage Action**

Mabel Normand filed an appeal in the Supreme Court yesterday from recent Superior Court decisions, denying her the right to intervene in the divorce suit of Mrs. George W. Church against Norman W. Church, and dismissing her suit for \$500,000 damages against Mrs. Church. The papers were prepared by Fredericks & Hanna.

Mrs. Normand asserted her good name had been injured by Mrs. Church's complaint, in which the latter declared her husband and Miss Normand had been very friendly when both were inmates of the Good Samaritan Hospital in 1923. That Miss Normand entered his room in her nightgown, gave him drinks and flowers and kissed him good-by on his departure. The actress denies any such actions.

**Police Suspect
Suicide Effort
in Poison Case**

By "Times" Staff Correspondent
LONG BEACH, Feb. 16.—Mrs. Mary Kurtz, 60 years of age, of 408 Chestnut avenue, is at Seaside Hospital in a critical condition, the result, police say, of drinking a quantity of poison. Reports declare the poison was swallowed with suicidal intent.

Neighbors who had been in her apartment for three days, investigated this morning and found the woman unconscious. Letters to friends and relatives, which she had prepared, showed she had intended to take her life, police assert.

**ANDERSON TO SKETCH
BUSINESS PROSPECTS**

The business outlook for 1925 in Los Angeles will be the subject of a talk by Arch W. Anderson, vice-president of the First National Bank of Los Angeles, at the annual property meeting of the Commercial Board of Los Angeles tomorrow noon at the Biltmore. More than 400 reservations have been made for the meeting. It was announced yesterday, E. G. Judah, managing director of the board, stated reservations may be made by telephoning Metropolitan 5420. E. M. Boddy, editor of Commercial Digest, will be chairman of the meeting.

**Roy Gardner's
Captor Loses
Cuffs to Yegg**

Presenting for consideration the height of something or other in burglaries.

L. S. Senney, whose particular claim to fame lies in his capture of Roy Gardner, notorious mail bandit now in Leavenworth penitentiary, parked his new sedan in the rear of his apartment at 615 Stanford avenue. In the car were a dozen pairs of handcuffs, a rope, a convict suit, ball and chain and a pair of Oregon boots. When he went out to warm up the engine yesterday everything in the car was gone but the Oregon boots.

Senney, former Centralia (Wash.) police officer, inquired: "Why should any burglar want that stuff?"

Echo answers: "Why?"

Commissioner Cooper to Address Chamber of Commerce Meeting; Touring the West

Operation of the Federal Farm Loan Board and what it offers to farmers and cattlemen in the way of financing will be explained by Federal officials at an open meeting in the Chamber of Commerce this afternoon at 4 o'clock.

The Federal officials will be here, "three or four days," Commissioner Cooper said. They are interested particularly in the situation involving cattlemen's financing and are touring California, Oregon, Texas and Oklahoma to confer with cattlemen. Fred Bixby, of Long Beach, president of the American National Live Stock Association, and others, including bankers, are being consulted here.

SEE FRAUD IN SHIP DEAL

Police Arrest Three Men, Including Brother of Ex-Consul to Norway; Bail Is Offered

Three Los Angeles men were lodged in the City Jail yesterday afternoon on suspicion of grand larceny in connection with the sale of a bulk grain carrier. The men, who were arrested by police, are charged with fraud in the deal.

Those arrested were, Godfred Bryde of the Pacific Navigation Company, W. T. Maxey of the Caruso George Mining Company and James A. Otis, a brother of George M. Otis, former Vice-Consul here for Norway.

No complaint was issued yesterday by the District Attorney's office, Chief complaint deputy, after taking the men's statements, said evidence for a complaint had not been presented to him.

George M. Otis appeared at Mr. Bryde's office with the request that he be permitted to put up bail for Mr. Bryde and James A. Otis. Later he conferred with detectives.

There has been a mistake made here, he said. "Mr. Bryde is a big business man. If he promised to make delivery of the ship he will do so. The ship is a bulk grain carrier, built at the Southern Pacific Railway Company for 1,000,000 tons, he said. It is a big ship, built at the Mexico Whaling Company."

Officers J. L. Blake and E. L. Williams, plainclothes men, made the arrests after giving over a check for \$5000 in the office of Mr. Maxey in the Metropolitan Theater Building. This check with \$15,000 to be paid later, was to purchase the motorship Calais, which Mr. Bryde said was at Port Sandy, Norway. He said he represented the bank that had the ship for sale and gave Otis an opportunity to handle the deal.

Mr. Bryde has offices in the Financial Center Building. According to the former Vice-Consul for Norway, Mr. Bryde has been in the shipping business for years and suffered heavy maritime losses during the World War. Mr. Bryde said that the Russian Ambassador was occupying his palatial home in Norway at the present time.

The arresting officers, in arranging the purchase of the ship, posed as wealthy easterners seeking an investment.

James Otis is a former sea captain, who was arrested by police and police said that an injustice was being done in the case, that Mr. Bryde was a man of integrity with an excellent business reputation.

Capt. Spellman, head of the central division, who detailed the officers on the case, said last night that a search of the papers taken by the officers had revealed that the ship was offered to the police for the purpose of running liquor from Europe to the Colorado Islands in Mexican waters. "No legitimate deal could have been based on such a proposition because there is no port in the islands and the men knew they could not clear a ship for a port that does not exist," Capt. Spellman said last night.

The police also say they have additional evidence that an attempt was made to interest western buyers in the ship, which was offered to the police for the purpose of running liquor from Europe to the Colorado Islands in Mexican waters.
